

PRESS RELEASE, 9/27/2017

From: Foundation at the Manor, Neshaminy Manor

Our Annual golf outing for Gardens at the Manor, a 501 c 3 non-profit organization at Neshaminy Manor that supports the arts and gardens at the manor, was held on Thursday 9/14 at the Bucks Club, with 61 golfers in attendance. We started the day off with slightly cloudy skies that turned into a beautiful day. Lunch was included and served in the lounge, and dinner followed with awards after the game. Everyone received a wonderful door prize and many raffles were won during the event.

Commissioner Martin and Dr. David Damsker were in attendance and Dr. Damsker won closest to the hole at 10'7".

A special thanks to Kevin Spencer and Pete McElroy from General Services for their dedication to this non-profit in getting the support and sponsors for this great event. With the generous support of those who attended and sent in sponsorships, we were able to raise over \$23,000 this year. Each year we get a little closer to completing the C1 courtyard at Neshaminy Manor. We hope to be able to order the gazebo and finish the pavers, so the residents can have an unobstructed area where they can enjoy sun and shade in a safe environment.

Another special thanks to Thompson Toyota for the Hole In One car (unfortunately no one won it) and the Administration from Neshaminy Manor, Marjorie Ziegler and Director of Health Services Dr. Damsker for always supporting our causes.

Our Art classes, taught and paid for by the Foundation at the Manor, are run on a weekly basis with over 30 residents in attendance. These programs provided by the Foundation add to the quality of life we all so cherish. Thank you for your part in making the lives of the residents so much better.

Kathy Bates, Executive Director of the Foundation at the Manor
